

Department of ***Elementary Education***

The mission of the Elementary Education Department is to produce professionally trained teachers for ministry in Christian schools. The elementary education program is designed to promote the cause of Christian education by giving future teachers a rich foundation in Bible and general education. It also provides a sound educational philosophy and methodology so they may competently assist parents in the God-given responsibility of rearing their children in the nurture and admonition of the Lord. Classroom instruction and practical experience provide the pedagogical training necessary to equip prospective teachers to plan and effectively communicate subject matter, to assess learners, and to use reflective thinking to continually improve teaching skills. A practicum and student-teaching program provide hands-on learning and the opportunity to be mentored by experienced teachers.

Program Offered

Bachelor of Science in Elementary Education

Bachelor of Science in Elementary Education

Elementary Education Courses:

EDU 201	Foundations of Education	3
