

Graduate Studies

In order to further equip men and women for a lifetime of Great Commission living, Northland offers five graduate degrees. The Master of Ministry and Doctor of Sacred Ministry programs are designed for the man already in full-time ministry who desires to sharpen his ministry skills. The Master of Arts programs are tailored for college graduates who desire to strengthen their theological foundations while training in a specific discipline.

Each graduate program exposes students to a variety of dynamic instructors. Each year, all graduate students will not only sit under godly Bible faculty but also receive training from seasoned pastors and Christian leaders from across the country.

By offering graduate degree programs in both module and resident formats, Northland might be just the place for you to deepen your knowledge of God and His Word. Please prayerfully consider pursuing your next degree from Northland.
