All students applying for a Work Study position in any department must apply through the Work Study office. The Work Study office reviews each application to assess job experience or skills in order to match applicants with available positions. To effectively staff all departments at needed levels, most first-year students will be assigned to either Campus Services or Food Services. Exceptions may be granted by the director of Work Study in the event that an incoming freshman has a skill or work experience that qualifies him or her for a particular job.

Please list references of your past three employers. Attach resumé if available.
